

AMERICAN BRAHMAN BREEDERS ASSOCIATION

PO Box 14100, Kansas City, MO 64101-4100

**Application for
EMBRYO CERTIFICATE(S)**
(\$5.00 for each Service Certificate)

DNA / Blood Typing - The DNA fingerprint and/or blood typing of the sire, donor dam and recipient dam (If she is a registered Brahman) of progeny resulting from embryo transfer must be on record with the Association prior to the registration of such progeny (with the exception of Brahman animals that died prior to October 8, 1979 and used in-herd.)

Date _____

The undersigned hereby makes application for Embryo Certificate(s) for the following cow:

Name of Cow	P.H. No.	ABBA No.
_____	_____	_____

Location of cow at time of flush _____

Embryos flushed by _____ Date: _____

In making this application, I recognize blood typing analysis and/or DNA testing as a valid method of parentage determination and agree to permit the American Brahman Breeders Association or its duly authorized representatives to carry out such blood typing or DNA testing as may be necessary to verify parentage. In connection therewith, I agree to indemnify and hold harmless the American Brahman Breeders Association, its officers, directors and duly authorized representatives from any claims or causes of action arising or which may arise as a result of the determination of parentage by blood typing analysis or DNA testing.

I (we) hereby authorize the Association to make available any and all information relating to the above described cow upon request from a member of the Association.

Before embryo certificates will be issued, the donor cow must be blood typed and or DNA tested.
